Celebrating 115th Anniversary Still Looking For A Policeman

Special Services Will Be Held In Trinity United Church On Sunday—First Methodist Church Dates Back To "Grimsby Circuit" Of 1836, With Dedication In 1865—Presbyterianism Goes Back To 1801, With First Organization In 1833—Congregations United In 1925.

On Sunday, October 31st, Trinity United Church, Grimsby will celebrate its 115th Anniversary. As a United Church it is, of course, only twenty-three years old, but the two Churches of which it is a union are much older.

The former Methodist Church goes back to the original "Grimsby Circuit" of 1836, the Church being dedicated in 1865.

Presbyterianism in Grimsby dates back to 1801, though the original Church was not organized until 1833, the building being dedicated in 1837. Following Church Union in 1925 the former Presbyterian building, "The Brick Church" was remodelled and enlarged to be used as a place of worship for the uniting congregations. The Methodist building, which had been remodelled in 1897, became the centre of Sunday School and mid-week activities.

The former Presbyterian congregation saw seven pastores, the most significant being that of Rev. John G. Murray who served for thirty-six years. Forty-eight Superintending Pastors served the Methodist Church. Ministers since union have been as follows: Rev. Geo. Wood, E. A. Earchman, R. B. Ferris, W. J. Watt. The present Minister is Rev. A. Leonard Griffith.

EVERYONE SHOULD BUY A WREATH, WEAR POPPY

Appeal To The Public To Assist The Poppy Fund Is Made By Reeve Nelles Of North Grimsby.

Reeve M. S. Nelles of the Township of North Grimsby has issued the following appeal to all citizens to purchase a Veteran Wreath and display it in a conspicuous place now, and to wear a Poppy on Saturday, November 6th, when Poppies will be sold in aid of the welfare work of Canadian Legion Branch No. 127.

"TO OUR CITIZENS:
The West Lincoln Branch of the Canadian Legion has designated Saturday, November 6th, as Poppy Day in the Township of North Grimsby. I particularly desire, however, at the earnest request of the Canadian Legion that all loyal and patriotic citizens shall purchase a Veteran Wreath long before Remembrance Day, and display it in their homes, or elsewhere, and then deposit it at the Memorial on November 11th.

The sacrifices made by our Canadian men and women in Great War No. 1 and Great War No. 2

COUNTY MAY OPERATE ITS OWN STONE-QUARRY

Lincoln Health Unit Is Now Fully Staffed—Waste From Canning Factories Is A Big Problem.

At the close of the opening day of the October sessions of the Lincoln County Council on Tuesday last, Reeve Harold S. Freure of Clinton, chairman of the special road committee of the council, and his committee members were requested to study the problem of the establishment of a stone quarry.

The matter is to be dealt with by the committee as quickly as possible and a report will be brought back to council on the feasibility of the scheme. Chairman Freure was also directed to immediately grade all roads recently taken over by Lincoln and which are at present not in a satisfactory condition. The council, acting on the recommendation of the road committee, decided to take no action regarding the purchase of a new bulldozer and scraper at the present time.

Dr. D. V. Currey, director of the St. Catharines-Lincoln Health Unit presented a comprehensive report on the work of the unit during the last few months. He noted that he is now working with a full staff of assistants and nurses. Dr. Currey

CHAMBER OF COMMERCE IS REALLY FUNCTIONING

It Was At Their Request That Hours Of Holding Nominations Were Changed By Council.

As a result of a request forwarded to Grimsby Council, asking this organ to change the time of nomination meetings from 12 noon to one o'clock, to the hours of seven thirty to eight thirty in the evening, Town Council Friday night voted unanimously to make the change.

This matter was brought up at a meeting of the Grimsby Chamber of Commerce held last Thursday night. It was the feeling of the C. of C. that by holding nomination at night, a great number of people could attend. The lack of interest in nominations has reached an all time low, and it is felt that many persons would attend if the hour was in the evening and not during the day when many are at their places of employment.

In view of the fact that for the past three nominations, a second nomination has had to be called in order to fill the slate of Council, the move as requested by the Chamber of Commerce would appear to be a good step in the right direction.

With C. of C. president, Watson McPherson presiding, the Chamber discussed to some length the possibilities of town planning. In view

NOVEMBER SIXTH WILL BE GRIMSBY POPPY DAY

Funds Go Toward Assisting Disabled And Needy Veterans And Their Families—You Can Help.

This year, as in other years, the Canadian Legion through its 2,640 Branches and Auxiliaries in Canada, is calling to the people of the Dominion that they should observe more than ever in solemn remembrance the symbol which has become an integral part of Remembrance Day observance, and asks that every man and woman purchase a Veteran Wreath long before Remembrance Day, November 11th, and that all people, including all children, wear a Poppy on Poppy Day, Saturday, November 6th, in memory of those who laid down their lives in the service of their King and Country.

In granting relief, members of the Legion receive no special preference but all ex-service men and women stand on an equal footing. Any veteran who has served and who is in need, has a claim on this fund. The Wreaths and Poppies which you are asked to buy are made by an organization of disabled and handicapped ex-service men and women. These veterans are so definitely handicapped that they cannot be open competitors in the labour market and but for this industry many of them would be a charge on public funds. If Poppy Day did nothing but keep these veterans self-supporting and self-

GRIMSBY NEWEST AND MOST MODERN BUSINESS OFFICE BUILDING

Exterior view of the new office building of A. Hewson and Son, situated on Main Street, west, at the Forty bridge. The building is most modern in every way. The building is 15x20 feet. There is a basement under the building where the automatic heating unit is installed.

Interior view of the new Hewson office, with soundproof ceiling, mastic floor. The walls, counters and display cases are of machined, polished plywood. Photos by Robt. Aldrick.

VICTORIAN ORDER OF NURSES MADE 111 VISITS IN GRIMSBY

DECORATION PARADE SUNDAY, NOVEMBER 7th

All Veterans In Fruit Belt Are Asked To Participate—Beamsville Band Will Attend.

While Thursday, November 11, is Remembrance Day, Sunday, Nov. 7, has been designated as Decoration Day in Grimsby and all ex-service men and women are asked to attend the parade and service.

At 10:30 a.m. on Sunday the 7th, there will be a service at the Soldiers' Memorial at St. Andrew's Church, when the graves of soldiers buried there will be decorated.

At 2:15 p.m. on Depot Street there will be a parade for all ex-

(Continued on page 8)

During September A Total Of 553 Calls Were Made In The County—311 Visits Were For Bedside Nursing Care—Great Progress Has Been Made In First Year Of Operation In Lincoln.

During the month of September the Lincoln County Branch of the Victorian Order of Nurses made 553 visits to 184 patients, which broke all previous records. The greatest number of visits made to the largest number of patients carried in one month since the Victorian Order started its work one year ago. Out of 553 visits, 311 visits were for the purpose of giving bedside nursing care, and in those 311 visits, 38 were to mothers and babies, 80 to medical and surgical patients, 80 to cancer patients, 108 to patients with long

HALLOWE'EN PARADE TO BE A SMART AFFAIR

Big Night For Kids And Others Will Be This Saturday Night—Judging At The Arena.

Unfortunately publicity regarding the annual hallowe'en parade has been late in being released. However, on short notice the Grimsby Chamber of Commerce, who are sponsoring this year's picturesque and hilarious parade, are hopeful that everyone will get into the spirit of things, and be on hand on Saturday night, when the gigantic parade will weave its way down Main Street to the arena.

Grimsby's hallowe'en parade has

Council Confirm Appointment Of Chief Of Police James At A Salary Of \$2,000 A Year—Advertising For More Applications For Position Of Third Constable—Get A Bad Shock When Account For Work At The Lake Is Presented For \$2,900.

Consternation reigned supreme at Town Council meeting on Friday when Councillor Scott, Chairman of the Board of Works, produced the account of A. Cope and Sons, for the work that was done at the lake opening up the outlet of the creek across the sand strip.

What most councillors presumed at the time that the work was ordered done, would cost in the neighborhood of eight or nine hundred dollars, turned out to cost no less than \$2,900.

When Councillor Scott announced the amount of money billed for, all members of council were stunned and then Councillor Bonham blew up. The blow-up was terrific. And in his argument he talked a lot of good sense and made statements regarding the work and the way in which it was handled from first hand knowledge of being on the job and watching what was going on.

Apparently at the time that the contracting firm were asked to do the job it was only a verbal agreement between Councillor Scott and the contracting firm. According to Mr. Scott the only real agreement made was that it would cost \$10 an hour for the big clam to do the job. Mr. Scott presumed that that was all the cost there would be. When he received the account for

(Continued on page 8)

WEE WILLIE HEWSON STARTS A NEW IDEA

With The Assistance Of His Son-In-Law He Will Service Automatic Stokers And Oil Burners.

With the country fast becoming conscious of the vast improvements and many benefits derived from automatic heating, the local firm of A. Hewson and Son have taken the necessary steps to provide people of this district with not only the sale of stokers and oil burners, but have also had trained, a man to service and install the famous Livingstone Stoker and Oil Burners. The advantages of these automatic devices are innumerable, and one need only consider a most annoying feature of the old style of heating, say for instance that middle of the night jaunt to the basement to throw on additional fuel. It alone is enough to jar a person's temperament, to say nothing of the sleep lost.

With the automatic type of heating, an even temperature at all times, plus the added feature of not having to continually shovel coal would seem to be the great assets realized when either a stoker or an oil burner is installed. As a matter of fact if an oil unit is installed, that coal shovel can be chucked in the garbage—a lot of people would glean a great deal of pleasure in simply being able to do this little

(Continued on Page 11)

HOSPITALS ASK COUNTY FOR FINANCIAL HELP

Hotel Dieu Wants \$100,000 And Cottage Hospital, Niagara \$5,000—Several Salary Increases Granted.

The Lincoln County Council, acting on the recommendation of the finance committee headed by Reeve Lennard J. Hoare of Merriton, at the close of the October sessions on Wednesday, decided to take no action on a proposed scheme of group insurance for county employees which had been presented for their consideration.

H. J. Carmichael, Chairman of the Hotel Dieu Advisory Board, addressed council during the session and requested financial support for the newly-established hospital in St. Catharines. A similar request was made by Mr. Fred Beatty on behalf of the Niagara Cottage Hospital at Niagara-on-the-Lake. The county was asked to subscribe \$100,000 to the Hotel Dieu Hospital and \$5,000 to the Old Niagara Hospital. Both requests were deferred until the November sessions of the council.

The council authorized Warden Frank Laundry of Beamsville, Reeve L. J. Hoare, of Merriton as Chairman of the Finance Committee and Clerk-Treasurer W. Millward to issue certificates certifying employment by Lincoln County as permanent in accordance with the schedule of the Unemployment Insurance Act. The problem of insurance coverage on county buildings was discussed during the day

(Continued on Page 11)

MUST CONTINUE POWER SAVING OR GET CUTS

To Date Grimsby Has Done A Good Job Of Conserving—Beamsville Having Difficulties.

"There is no doubt about it, the people of the Town of Grimsby deserve a pat on the back for the concentrated effort they have made to conserve power, and to keep well within their quota," said superintendent Frank Sutherland of the Hydro Commission on Tuesday.

Grimsby has so far escaped power cuts, being one of the few centres able to make this claim, as the current hydro shortage goes into its second month. Householders on the whole have co-operated very well, while places of business and the manufacturers have really done a splendid job in helping Grimsby meet its quota.

Hydro officials, however, emphatically stress that the effort must be kept active, and in view of the recent announcement whereby Quebec has cut three million kilowatt hours a week from Ontario's quota, the days ahead of us are important, and an even greater saving will have to be made by everyone.

Locally we face the added load of the disposal plant within a short time, for which no allowances were made in Grimsby's quota. The cold.

WHAT! A LIVE RABBIT AT A CHURCH BAZAAR?

Trinity Service Club Will Show Some Real Live Angoras—Will Stage Many Other Features.

Yes, the real live Angora rabbit, caged, of course, so the kiddies can admire him, is one of the features of the big bazaar being held next Thursday, November 4, at the Masonic Hall.

The enterprising ladies of the Trinity Service Club are presenting a new and different type of bazaar for the pleasure of young and old. Both rooms will be filled with many interesting displays. The west room will have tables of charming gifts, so you can do your Christmas shopping early! There will be children's clothing among them—well made things that are hard to buy. Here too will be a fish pond for the kiddies who come with their mothers.

At the head of the stairs, there is to be a large table of delicious home baking for which these ladies are noted—jars of home canning and small bags of candy for the children to buy with their own pennies.

FACTS & FANCIES

Frank Fairborn, Jr.

REMEMBRANCE DAY—NOV. 11th
POPPY DAY—NOV. 6th

The West Lincoln Branch of the Canadian Legion is making its annual Poppy Day appeal to the people of this community on November 6th. The Poppy Fund is now a recognized institution wherever the British Empire Service League, of which the Canadian Legion is a unit, exists and it serves a two-fold purpose of very great merit. The money which is raised by the sale and distribution of the Wreath and Poppy—the symbol of sacrifice—is used entirely to relieve unusual distress among War Veterans of all the Empire Wars, and their families. This is where the Poppy Fund, raised through the sale of Wreaths and Poppies by the local Branch of the Legion, steps in and provides relief for the situation.

A highly important reason why every citizen should purchase a Wreath long before our National Day of Sorrowing, November 11th, to display in homes, offices and everywhere that men and women live, work or congregate, and to also wear a Poppy on Poppy Day, Saturday, November 6th, is that all Veterans Wreaths and Poppies sold by the Canadian Legion are manufactured in Veterans Shops throughout Canada solely by partially disabled and handicapped Veterans, men and women, who urgently require earnings in addition to their meagre pensions for their sustenance.

By purchasing a Veterans Wreath, citizens can find much satisfaction in knowing that they are helping these handicapped veterans to obtain a livelihood which they would otherwise lack on account of their special disabilities.

This two-fold appeal will find a ready response in the hearts and minds of the people of this community, which has always been ready to make the way easier for those of its citizens who served Country and Empire in the Empire Wars. We commend it to your sympathetic consideration, in the hope that you will respond generously and thus help to hold the torch flung to you by those who did not come back.

WORK IS THE SOURCE
OF TRUE HAPPINESS

One of the disturbing signs of our time is the growing belief that work is a curse from which man should be freed. Socialists and communists encourage this notion because it breeds discontent and helps to condition the people's minds for the revolution which they hope to bring about. It is bad enough to have this fallacy advanced by social and political dreamers; but when we find sound, sane-thinking people thoughtlessly repeating it, the matter becomes more serious.

One of our most sensible periodicals recently carried a very excellent article exposing some of the weaknesses of the socialist philosophy. But in that very article the following sentence appeared: "It may be that mankind has an opportunity within a generation or two, of lifting at least the material part of the curse that was put upon it at the time of the fall."

No curse was put on man at the time of the fall. Prior to the fall, Adam and Eve in the garden were cursed with an easy prosperity which supplied all their wants, with very little effort on their part. With nothing to worry about and nothing much to do, they became easy victims for the tempter and allowed themselves to get into mischief. Their guilty consciences made cowards of them and caused them to hide themselves at the approach of the Lord. It was then that the Lord gave them work to do, and decreed that thenceforth they would have to earn their bread by the sweat of their faces. For their sake he cursed the ground with thorns and thistles, so that it could no longer feed them unless they worked and tilled it.

Nothing is said in the record about work being a curse or a punishment for evil-doing. Work was given to man to strengthen him, fit him for a higher life. It has proved to be his greatest blessing. In all the years from Adam to now, nothing has ever been devised to compare with work as a means of developing and ennobling man, and giving him real joy in life.

Man is so constituted that the only possessions he really enjoys are those he earns by his own efforts. Those dreamers who promise us a new social order under which we shall all enjoy an ever increasing prosperity with an ever diminishing amount of work, have little understanding of the true source of material prosperity, and still less of the true source of human happiness.

Such people should never be trusted with power because they would never be able to deliver the utopia they promise. Their proposed system would never be able to produce enough to supply our needs; and even if it did produce according to promise, we would find that it added nothing to the sum of human happiness because it would deprive man of his greatest source of happiness, the right to plan his own life and to work according to his plan, to build for his own future and to enjoy what he has built.

"THE HARDEST HIT"

The Chatham News carries this thought:

The people who are hardest hit today are the middle class people. The rich, even after paying very high taxes, still have enough left to enable them to live comfortably and often luxuriously. The very poor are better looked after today than they ever were. It is the man on the moderate income who is trying to buy his little home, educate his family, keep up his insurance savings, and trying to put by a little for the inevitable "rainy day" who finds the going hardest.

Our contemporary is right. The middle class family is confronted with an intolerable condition. The government budgets for a surplus of some hundreds of millions for the year, actually gets that surplus within the first six months of the fiscal year.

And the middle class earner has his wages gouged at the fountainhead every week or every month, dependent on when pay day comes, and he also has to meet the highest cost of living in the history of Canada. The highest taxes in peace time, the highest cost of living, and that means only existence and no account for any luxury items, a condition which renders thousands of Canadians incapable of raising a family, educating sons and daughters for the greater opportunity in life, and in the ultimate, laying a foundation for better citizenship.

The most deplorable thing of all is that no relief from the over-burden of taxation is in sight, until the government, in its own sweet time, decides to go to the country and appeal to the people. Then the lid will come off, voters will be bought with their own money. The government will return a little more of that money, now being confiscated at the pay source, for the individual to spend.

In the meantime, 200 peregrinating bureaucrats, men and women, at the public expense, have been turned loose from coast to coast to enquire at the homes, how hubby, spouse and kids spend the money they can scrape together.

ECONOMICS FROM COMICS

The use of comic strips or cartoons to explain simple economic lessons is becoming widespread and the page in the August edition of The Harvester, International Harvester Company of Canada's fine employee magazine, is a classic example of the art.

Burrhead is an industrious, pleasantly fat young fellow, but he's not too heavy in the brains department. He delivers parcels for a store after school and on Saturday and he gets five cents for each package he delivers. He earns about 50 cents a day and that according to him, is "straight gravy for Uncle Burrhead."

Well, sir, one day a pal suggested Burrhead might like to rent his bike for 50 cents a day, but our corpulent "hero" couldn't see further than his nose and declined in no uncertain terms. But Jimmy, another friend of Burrhead, overheard him moaning that the would-be bike renter was a chiseler trying to do him out of his hard-won profits. Jimmy's economic know-how was several grades ahead of our fat friend's and he snatched at the opportunity.

GRAPE-FLAVOURED VALLEY

(By Kate M. Archibald, in The Christian Science Monitor)

October is Concord grape month in the Yakima Valley where the production of grape juice is now a major industry.

With hundreds of pickers at work in the vineyards and with great presses at work in the manufacturing plants, the air is filled with a nostalgic fragrance, reminding of eating Concord—interminably—on a crisp autumn day, under the grape arbor, back at the family home.

Of the total production of more than 20,000 tons of grapes grown in the state of Washington, Concord are by far the greatest in number. According to United States Department of Agriculture figures, last year over 11,000 tons of Concord went into grape juice as compared to less than half that quantity of other varieties processed into wine. A good number of Concord are shipped as fresh fruit or sold locally in the traditional long baskets with wire handles.

The claim made by growers that "grapes grow sweeter in the valley than anywhere in the world" is supported by the fact that, because of their high sugar content and low acidity, no sweetening needs to be added when valley grapes are pressed into juice and bottled.

Kennecott, in the farthest south tip of the valley, is the heart of the Concord grape industry. Over a radius of 80 miles in this area the Concord is extensively cultivated, with more plantings coming into production each year. Across the valley in

Burrhead was pretty contemptuous of the deal, but when Jimmy explained that with the bike he had delivered 30 packages instead of the usual 10 and that not only had he paid the kid his half dollar bike rent but doubled his own income, the look on Burrhead's cheerfully bovine countenance would wring tears from your eyes.

THESE FOOLS CAN KILL

A bus filled with passengers crashed into a barrier on the Queen Elizabeth Way the other night because vandals emptied the oil from red lanterns marking it.

These lanterns were put there to spare possible death or injury to the motoring public. They were blacked out by malevolent marauders or plain morons.

The trouble is these fools can kill.

Shocked as the public will be over revelation of that incident on one of our main highways, they will be equally alarmed to know that damage estimated at thousands of dollars is being done every year by vandals on the roads. They have stolen and damaged signs, stolen electric light bulbs from lighted signs, and have even cut sections from guide rail cables. They put sand in the fuel tank of a bulldozer the other day, did several hundred dollars damage to a big road roller.

Psychiatrists and sentimentalists can have a field day over the environment influences that lead to such antics; the public want to see some of them caught and made an example of. If there is any other way of stopping potential highway murderers it has not yet come to light.

Contempt for law, for fellow citizens, and most of all for themselves, is the mark of these imbeciles.

They understand only one language, and they are not being taught it.

WHY A HOME?

For too many young people to-day the family home becomes less and less important. They enter in a rush, to sleep, eat or change their clothes. Who was it who said that the home is only a filling-station?

To an agent who wished to sell a house a young woman with modern tastes said, "A house? What would I do with it? I was born in a hospital; I got my education at a college; I was courted in an automobile and married in a church; I pass my mornings at golf, my afternoons at bridge and my evenings at the cinema; when I die I shall be buried in an undertaker's. All I need is a garage." The joke is not as exaggerated as it might at first appear. It applies almost literally in a certain number of cases. But, after all, it is not with these crazy heads that you make a nation.

FLYING BOXCARS CROWD SKIES

The airplane which has revolutionized almost everything else, is now going to work on the freight business, notes The Financial Post.

Today there's hardly a thing you can think of that doesn't go by air. Prize cattle are shipped all over the world. Fish caught on the east coast reach inland cities the day they were hooked.

They've freighted pianos, tractors, horses, popcorn (for ball games in Mexico) automobile parts, sheep, cigarettes, anti-hog cholera serum.

New styles in women's clothes catch on faster through shipping samples by air. Recently a whole fashion show, models and all completed an aerial tour of Canada.

Fragile goods are handled faster, more carefully. Fresh fruit and flowers are naturals for this new style in freighting.

SAME FATHER!

At this time of this year when the air waves are frequently loaded with the utterings of United States candidates for various offices, it is interesting to learn that the symbols of both the leading political parties were conceived by the same man.

Legion Chicken Bingo, Saturday night.

"Chief Bill" Turner selling nursery stock.

Get your Salvage ready for the Legion boys early Saturday morning.

Speaking about the weather—Little "Kewpie" Hoffman says "the best time of the year is when the frost is on the pumpkin."

With a new Police Chief and a third "copper" on the job the citizenry should feel that they are at long last getting adequate police protection.

Looks to me like the only way to stop motorists from parking in the prohibited bus stop areas is to raise the ante from \$2 to \$5 per park. It is not strangers that are the biggest offenders either.

If I was Throckmorton H. Q. Jarvis I would paint "that fence" red and white in alternate stripes, just to advertise the Peach Kings. It would certainly improve the appearance of Main Street.

There will be a lot of happy motorists and pedestrians when the Main Street post blacks out on November 1st—meaning the Main and Depot stoplight. If ever there was a useless curse placed on any town it is that stoplight.

The past three weeks the daily press has been full of court cases dealing with rape and attempted rape. Thank the Lord, with all our sins, the Fruit Belt has been free for a great many years of this type of criminal offence, which speaks well for our people.

Work is now completed on the new vault at the Municipal Building. This holder of archives should suffice for some years to come. Shafer Bros. have made a fine job of it. With a solid concrete base, a solid concrete and steel roof and 16 in. concrete, brick and steel walls it should be burglar proof and fireproof.

Councillor Bert Constable, Chairman of the Property Committee, should be proud of that monstrosity of the carpenter's art that has been constructed over the entrance doors to the Municipal Building. It is something to behold, but once you behold it, you will not be anxious to behold it the second time. The new concrete platform and steps are certainly an improvement. But that portico. Oh me, oh my.

According to the current issue of the monthly, Freedom and Union, the invention of the symbols of the donkey for the Democratic party and of the elephant for the Republican party was the work of one man—Thomas Nast, the father of the political cartoon on this continent.

As an agreeable exercise in derision, Nast, who was a Republican, drew the figure of the donkey, representing the Democrats, for Harpers' Weekly of January 20, 1870. The elephant, as a party symbol, appeared on November 7, 1874, in a drawing by Nast in the New York Herald.

Both symbols at once caught the popular fancy and have held it. Nast was born in Germany in 1840.

THE MILKY WAY

Canadians use more milk in its various forms than any other people in the world. The average Canadian consumes 475 quarts of milk a year, in one food or another.

We drink 177 quarts of milk and cream, eat 28 pounds of butter, 5 pounds of cheese, over 16 pounds of concentrated whole-milk products, nearly 2 gallons of ice cream. We invest about one-third of our food budget in dairy products.

FARM SALES
BAROMETER OF TIMES

Farm auction sales are big business in this year of inflated prices. A sale of farm chattels is a good barometer of current conditions and the fact that prices are high with keen bidding for nearly everything offered indicates that farmers have faith in continued high prices. The prices realized for live stock of course, are governed by present day prices for all kinds of meat and dairy products. The prices which agricultural machinery brings is to some extent governed by the scarcity. New farm implements are in short supply and deliveries are slow. Accordingly it is common occurrence for those holding sales to receive more than they paid for their tractors, binders, hay loaders, etc., five or six years previous. Truly it is a seller's market and a good time to cash in on anything and everything which is not required for use.—Creemore Star.

Nothing restores a man's self-respect as quickly as getting into a pair of overalls.

My greatest satisfaction in fishing is the proof that I am smarter than the fish.

WHERE'S THE LUMBER?
Fifty-eight per cent of the land area of Canada's nine provinces is covered with forests.

By ALICE ALDEN
NO MATTER how the beret is draped or manipulated it is always popular. Marion Vallee gives a new twist to this old favorite and comes up with a crowned affair on bonnet lines that still looks like a beret, but a mighty pretty one. It is of cloud white beaver felt and speckled bird wings soar from the side for dramatic accent.

Hello Homemakers! Hallowe'en—the night of frolic and fun. Mention it to Dad and he will reminisce for hours telling of his pranks in bygone days. (It took several neighbours to get the buggy off the shed roof and the big gate out of the tree). Junior will be on the loose too if you don't plan something for his crowd, and remember he is just a chip off the old block. It would be much cheaper to roll back indoors than to pay for damage downtown.

It's best to prepare favorite inexpensive casual dishes which the young crowd enjoys. Hamburgers, weiners and rolls, coleslaw in orange shells, baked beans in custard cups, pickles, gingerbread or doughnuts and malted milk shakes, or sweet apple cider, are good suggestions.

If it's a buffet supper for teenagers, a hot casserole of creamed chicken or salmon, a Hallowe'en salad, relish tray of carrot curls, celery, pickles, pumpkin tarts and hot coffee will set everybody singing your praises.

A pumpkin Jack O'Lantern with

lighted candles within and a frill of black crepe paper as a dolly makes an easy centre. Or you may create a harvest scene on the buffet if you have an assortment of squash, gourds, egg plant, apples and autumn leaves.

The old favorite pastime of bobbing for apples in a tub of water or trying to bite an elusive one swinging in a doorway, is a good game. Toast marshmallows or popcorn while the charades are in progress.

HALLOWE'EN FRUIT CUP

Cut the top of orange like pumpkin shell in picket fashion; remove the pulp and cut into small pieces, reserving the juice. Combine orange with diced bananas, pieces of melon and sprinkle with fine sugar. Pile into orange shells and top with whipped cream.

SPICED CIDER

Stir 4 tbsps. brown sugar, 6 cloves, stick of cinnamon and 3 all-spice into two quarts of sweet cider. Heat, then cool immediately and strain out the spice. Serve with warmed doughnuts.

THE QUESTION BOX

Mrs. J. C. says: Wax is loose around jars. What has caused this to happen?

Answer: Jam may have been stored in warm place. Or the jam jars may have been too hot when wax was put on. You may scrape off the surface; put on more melted paraffin and store in a cool place.

Mrs. T. B. asks:

CHICKEN BARBECUE SAUCE

2 green peppers, 1 red pepper, 4 small onions, 1 clove garlic, ¼ cup salad oil, 4 cups tomatoes, 1 can tomato paste, 1 tsp. salt, ¼ tsp. pepper, 1 tsp. paprika, ¼ ts. marjoram, ¼ tsp. celery salt.

Trim the pepper, onions and garlic. Chop fine. Heat salad oil and cook in it the peppers, onions, and garlic until brown; then add remaining ingredients. Cook about 30 mins.

Mrs. J. T. asks: Why do baked apples burst?

Answer: The oven should not be too hot—350 degrees for about 35 minutes. Variety makes a difference, too. Use spies, kings, greenings and wolfs.

Mrs. B. K. suggests: baking our gingerbread recipe in muffin tins to conserve electricity. Instead of 45 minutes at 375 degrees, bake 25 minutes at 375 degrees.

Mrs. T. L. asks: How to keep meringues light?

Answer: Beat 2 egg whites until frothy; add ¼ tsp. cream of tartar and beat until whites stand up in a point as you lift out the beater. Gradually fold and sprinkle in two tbsps. of fine sugar.

Anne Allan invites you to write to her c/o The Grimsby Independent, Grimsby, Ontario. Just send in your questions on homemaking problems and watch this little corner of the column for replies.

SUAVE SUIT

By ALICE ALDEN
THERE IS definite elegance in every line of this handsome afternoon suit designed by New York's own Hattie Carnegie. The fabric is black broadcloth cut on slim yet easy lines. Delphic folds of the material curve from the front of the jacket to the back and emphasize the rounded neckline. The fly front closing of the coat has rhinestone buttons at the neck and waist.

Wife Preservers

Non-washable window shades may be cleaned with wallpaper cleaner. Follow directions on package of cleaner.

CARE OF THE FEET

(By Dr. D. V. Currey, M.O.H.,
Lincoln Health Unit)

To many people it might not appear that a talk on the care of the feet is very important, but I am quite sure that any who feel this way have never suffered from foot troubles. During the war many of our men in the armed forces had to take long route marches and spent exhausting days on military maneuvers. They found that foot trouble was a very serious, very discomforting and very disabling condition. Other people who have to stand or walk for many hours a day such as waitresses, store clerks, postmen, nurses, policemen, and others can testify that to ensure bodily comfort and health the feet must be given very careful attention.

Let us first look at the structure of the foot, for the layman is not likely to see in it what the professional eye sees, i.e. mainly a perfect piece of mechanical construction. The foot consists of the longitudinal arch extending from the heel to the ball of the foot and a transverse arch reaching from the ball of the foot to a point just behind the little toe. These arches may be considered nature's springs absorbing the shock of the body's weight, so that as one stands or walks they are constantly changing their shape to adjust themselves to the weight thrust upon them. The attached muscles and ligaments help to raise and lower the bones, the construction upon which the arches are built. Hence just as with the springs of a car it is obvious that the arches should have full play with no interference, as by shoes which are too tight or too short, or which in any way hamper the full play of the bones, ligaments and muscles associated with the arches.

Just as in most health matters the time to start taking care of the feet is, of course, in infancy. The most important shoes bought in a lifetime is the first pair the baby uses. They should be fitted, but not forced in a glove-like fashion, as the baby's foot is likely to grow quickly. Square-toe shoes with straight inner edges and ample space are what the child needs, and the parent should give little thought to appearance. Babies should not, in their early months of walking, be allowed to walk too much or stand too long. The young bones and muscles are not too strong and the feet can easily flatten out under too much strain. With this in mind I might say that many mothers might find it easier to shoe a baby's foot properly than to do the same for their own. The mother must have style, and stylish shoes for women generally means that they are too narrow, the soles too thin, the toes too pointed and the heels outrageously high.

I would like to point out a few conditions resulting from improper shoes in adults. Narrowness in a shoe tends to cause bunions, corns and sometimes overriding of the toes with the development of a condition known as hammer toe. A shoe too pointed draws the line of the foot upwards playing the arch as it were, giving rise to flat feet. Excessively high heels undoubtedly cause an undue load on the arches which will definitely break down under the strain. High heels not only distort the foot, but they throw the line of the body forward interfering with other-wise normal erect posture, and cause backache. Also the toes are crowded together, the joints of the feet are forced upward and all the weight of the body thus rests on the transverse arch enhancing the development of callouses on the under side of the sole which bears the weight. You will find the wearer of such shoes not fond of walking, in fact, she may even hate walking, thereby avoiding a form of healthful exercise so necessary in our ever-increasing trend to modernization. In other words we should walk more, but the stylish shoes we wear cause us to walk less. The vicious circle having been started, with the avoidance of exercise, weight is put on. Does she change to sensible shoes? No, she "goes on a diet" or drinks some advertised reducing medicine. But I would like to point out that neither starvation nor medicine prescribed by quacks will alter the shape of one's shoes or bring relief to feet improperly shod.

All shoes for men or women should be well-fitting, but not too tight. The feet should be comfortable when the wearer is either standing or walking. The toes should not touch the front end of the shoe, but should be free to move. With these conditions fulfilled, the shoe will naturally correspond to the outline of the foot. The heel should be comparatively low and capped with rubber, if possible, to absorb the shock in walking; similarly, the hose worn should be well-fitting, but not tight.

General care for the feet is just as necessary as for the hands. They should be washed each night, dried, massaged, and a drop of oil or baby powder used so that the fingers will move over them smoothly. This is particularly necessary if the individual is suffering in discomfort with the feet. In the morning, powder should be

used on the feet, especially between the toes. During the day if the feet perspire powder should again be applied.

A few exercises which will aid in strengthening the muscles of the feet may be mentioned:

1. Stand with the feet together, rising on tip toes and return slowly.

2. With legs extended, bend the feet backward and forward;

3. Rotate the feet at the ankle while extending and flexing the toes;

4. With knees crossed, reach each foot with one hand and bend the feet backward and forward with a rotary movement.

It might be mentioned that the feet in walking should not be turned out, but should point

straight forward. Attention to these instructions just outlined would, I am sure, prevent much foot trouble.

Report on Poliomyelitis: In 1947 in Ontario up to September 23rd, there had been reported 519 cases of which 135 were paralyzed and 23 died. For the corresponding period for 1948, 226 cases had been reported, 57 of which were paralyzed and there had been 13 deaths. In the Unit area during this period we have sent 6 cases up to Hamilton, and the following reports have been received: One case, one diagnosed as polio, 2 abortive polio, one probably abortive, one suspected polio, and one definitely not polio.

FOOD PROVIDERS

Agriculture is the most important single industry in Canada; about one-quarter of all Canadians are engaged in farming.

"NO SIRE! I'M BUYING CANADA SAVINGS BONDS"

Canada's Finest  IN THE SERVICE OF THE PUBLIC

THE PROSPECTOR

Hardy men, searching out the hidden wealth of a nation; accepting privation, loneliness and the stern challenge of nature in the hope of finding the elusive "strike!"

The discovery of a nation's mineral wealth, so essential to progress, lies in the strong hands and willing heart of The Prospector.

Men like this, some of Canada's finest, are in the service of the public—at your service.

DAWES BLACK HORSE BREWERY

One of a series of advertisements in tribute to those Canadians in the service of the public

Day after day, more and more people are agreeing The Durability...the Dependability... the Dollar-Value — ALL ARE IN CHEVROLET!

Yes... Chevrolet alone gives the Big-Car Quality and Big-Car Value that have caused more people to buy Chevrolets than any other car! Chevrolet alone gives these Big-Car Advantages at lowest cost!

More Value in Riding Luxury!

Your own tests will prove that Chevrolet has more riding comfort! One reason is Chevrolet's Body by Fisher—better by far. Another, the gliding smoothness of Chevrolet's Unitized Knee-Action... proved and improved by Chevrolet's experience in building 6,000,000 Knee-Action units in use today. These two great contributions to riding luxury are offered only by Chevrolet in its price field!

More Value in Performance with Economy!

Chevrolet valve-in-head "World's Champion" engines have delivered more miles, to more owners, than any other automobile powerplant built today! With this engine you get performance and pleasure... you get them and thrill—for in Chevrolet the valve-in-head engine (employed only in Chevrolet in costlier cars) has been developed and improved to top-flight efficiency!

More Value in All-round Safety!

It's a comforting feeling to know that once you have purchased your Chevrolet you and your family will have the triple protection of the Unitized Knee-Action Gliding Ride, Positive-Action Hydraulic Brakes and Fisher Unitized Body Construction! These super-line safety factors combine to form another Big-Car Value, found only in Chevrolet in the low-priced field!

More Value in Tasteful Beauty!

On the highway and on the boulevard your Chevrolet will command attention for its smooth over-all design and its world-famous Body by Fisher. With this most-desired of all car bodies—supremely beautiful inside and out, and available only on Chevrolet and higher-priced makes—you will be sure of beauty-leadership as well as fine workmanship and sturdy construction!

COUNTY MAY OPERATE

re also discussed some of the problems facing his unit with regard to the disposal of waste at several of the district's largest canning factories.

Council was also interviewed during the sessions by Mr. Fred Beatty on behalf of the Niagara Cottage Hospital in Niagara-on-the-Lake. He requested that the Lincoln council consider making a grant of \$5,000 towards the cost of erection of the new hospital at Old Niagara.

Reeve Murray Misener of Gainsboro Township presented the report of the charity and welfare committee of the council at the close of the session and council authorized the payment of the accounts presented.

EVERYONE SHOULD

be again recalled as we observe Remembrance Day, Canada's day of National Mourning, and a thankful people hold in grateful remembrance the courage and heroism of our soldiers, sailors and airmen, who gave their lives in the Cause of Freedom.

The Canadian Legion of the British Empire Service League as the Trustees of the Poppy Fund has contributed valiant service to this country in helping to heal the scars made by the acts of war, and has brought comfort, courage and practical aid to many in distress.

The difficult conditions existing at the present time insofar as many disabled veterans and their dependents are concerned offers a challenge to us to respond far more generously than usual to the Legion's appeal.

Let everyone feel it a duty and a privilege to purchase a Vetreft Wreath now and to wear a Poppy on Remembrance Day and in so doing strengthen the hands of the Legion in its splendid work."

M. S. Nelles,
Reeve of the Township of
North Grimsby.

CHAMBER OF COMMERCE of the fact that most planning would involve the co-operation of North Grimsby Township, the Chamber are prepared to ask their co-operation and have established a committee to investigate the many intricacies of planning. The promotion of industries is the fore-

most thought of the Chamber in this connection.

Mr. McPherson told the members that during the summer three local tourist homes had identified themselves with the Chamber of Commerce, and in so doing visitors and tourists coming to this area throughout the summer had been welcomed and directed to these first class tourist homes. With good accommodation at a premium this summer, the Chamber feels that this service was much appreciated by the many visitors to this district.

An active campaign for membership is likely to be launched in the near future it was announced, in hopes that the Chamber may be increased to a more potent organization to take care of the many tasks best handled by this type of

group.

Plans for the Hallowe'en Parade were laid out, and the affair was put in the capable hands of Bill Fisher and Ray Betts.

CELEBRATING

The 115th Anniversary is given special significance by the fact that the past year witnessed the sale of Trinity Hall, the former Methodist Church building. This was prompted by a desire for closer co-ordination between Church and Sunday School and also by the necessity of providing more adequate accommodation for the constantly-increasing membership. An average of fifty members a year has been added since 1944. Plans are being made for a building programme in the early part of 1949 which will include changes within the present Church and an adjoining structure to house the Sunday School and mid-week activities.

The Anniversary preacher this year will be Rev. G. G. D. Kilpatrick, B.A., D.D., LL.D., D.S.O., Principal of the United Theological College, Montreal. Dr. Kilpatrick is a native of Scotland, and came to Canada in 1899. He attended Toronto University and Knox Theological College, completing his studies in Scotland. From 1914 to 1919 he served in the First Great War as a Chaplain in the 42nd Bn. and later as senior Chaplain of the 3rd Canadian Division.

In 1919 he was called to St. Andrew's Presbyterian Church, Ottawa, where he remained until Church Union in 1925. From 1925 to 1929 he was Associate Minister of Chalmers United Church, Ottawa. In 1929 he was called to Melrose United Church, Hamilton, where he served for nine years. In 1938 he became Principal of the United Theological College, Montreal. He has been there since, save for three years during the war when he served as Director of Education in the Canadian Army.

Trinity Church, Grimsby, is proud to welcome to its pulpit so distinguished a soldier, scholar and Churchman. Members, adherents, and friends of the congregation are urged to be present at both services on Anniversary Sunday.

SOME ARE WHITE, TOO

The popular idea that the Indians of Canada are disappearing is contrary to fact. By a 1944 census there were 125,686 Indians here, more than in 1900.

O'Keefe's
BREWING COMPANY LIMITED

Social Events — Personals — Organizations — Club Activities

John W. Glendenning of Toronto, was a visitor to town on Saturday last.

Union Lodge No. 7, A.F. & A.M., will hold a Ladies' Night at The Village Inn on Friday, December 3rd.

Congratulations to Mrs. George E. Marlow, Robinson street south, who celebrated her 85th birthday on Thursday last.

Ronald "Bubs" House of Kirkland Lake was a weekend visitor with his parents, Wm. and Mrs. House, Main west.

Mr. and Mrs. Lyall Parker of Huntsville, were visitors with Mrs. Parker's parents, James and Mrs. Dunham last week.

Rev. C. A. and Mrs. Poole of Acton, were Sunday guests of Fred and Mrs. Marsh, Murray St. Mr. Poole was pastor of Grimsby Methodist church at the time of church union.

The many friends in the district of Nelson Copeland will regret to learn that his condition is not too favorable. He was operated upon in Sunnybrook hospital, Toronto, yesterday for a head condition.

Mrs. Caleb Loud, Main St. E., has left for New York City, sailing October 29th for Lima, Peru, to visit her son, Henry Loud, who has been in Peru the past two years with International Petroleum Co., Ltd.

Mr. and Mrs. T. S. Aman and family were in Belleville last week-end attending the Diamond Wedding Anniversary of Mr. Aman's grandparents, Mr. and Mrs. Geo. S. Stewart. Mr. and Mrs. Stewart were honoured by a telegram of congratulations from the King and Queen.

Mr. L. O. Hudson left this week to spend the winter in England.

Mr. and Mrs. Allan Wallace, of Canboro, Mr. Gordon Wallace, Mr. and Mrs. Leonard Anderson and son Bobby, of Dunnville, Miss Marjorie Inman of Georgetown High School Staff, Mr. and Mrs. Arthur Deer and Mrs. Ada Nelson of Smithville, were Sunday visitors with Mrs. Sarah Murphy, Mountain street.

Mrs. Helen DeQuetteville of St. Catharines, was looking up old friends in town on Thursday last, as was Mrs. Lyall Parker of Huntsville. In fact it was old employees day in The Independent office, as both ladies are former employees of the paper.

I.O.D.E.

The monthly business meeting of Lincoln Loyalist Chapter, I.O.D.E., was held in the High School Auditorium on Monday afternoon, Oct. 25th, with the Regent, Mrs. E. A. Buckenham, presiding. The Chapter decided to respond to the appeal for funds for the St. John's Ambulance. A letter of thanks for donation was received from the Niagara Peninsula Sanatorium Association.

Echoes' Secretary, Mrs. L. A. Bromley, reported that we now have over 50 subscribers for the magazine, and read several items of interest from it, commenting on the cover design, the work of a veteran of World War 2, now attending Art School in Toronto.

Mrs. R. F. Murphy, reporting for the Ways and Means Committee, advised that a Telephone Bridge is planned for November 15th. Each member is being asked to be responsible for one table, at a charge of 50c per person.

Post War Convener, Mrs. G. F. Mitchell, reported on boxes being sent overseas; four more are to go forward this month, to old age pensioners in England. Mrs. P. V. Smith will convene a drive for good used clothing for overseas, on November 15th and 16th. Donations may be left at Mr. P. V. Smith's office on either of these two days.

Gifts of soft toys, games, etc., for the Queen Elizabeth Hospital for Children in England, were purchased, to the value of \$15.00, this being the amount donated during the summer to the I.O.D.E. by a group of young folk. These toys will carry the names of the energetic young workers who were responsible for the donation. Another layette was donated at this meeting.

The Chapter decided to undertake equipment of the Emergency Operating Room at our West Lincoln Memorial Hospital.

Mrs. Fred Jewson, Convener for the Armistice Day Service on November 7th, said that all arrangements had been completed, and Rev. J. P. McLeod will be the speaker for this occasion.

Miss Harriet Walsh, Empire Study Convener, gave an interesting and thought-provoking message on our tenth Province of Newfoundland. For example, do you know that all of Newfoundland is SOUTH of England?

Donations were made to the Lucy Morrison Memorial Fund, the Endowment Fund, and the Peace Garden Fund.

A social get-together for all members is to be held at the home of Mrs. L. A. Bromley, Main St. West, on Monday afternoon, November 8th. Admission will be one article of food for our overseas boxes, and all members are urged to come out.

Trinity E.A.

On Tuesday evening, Trinity Young Adults held their annual Fall Party in the form of a Masquerade at the home of Mr. and Mrs. Wm. A. Hewson. There were many varied and interesting costumes among the group. An excellent program of games and stunts was provided by the Committee in charge. Everyone feasted on apples, peanuts and popcorn during the evening, ending with a lunch of ice cream, doughnuts and coffee.

The next regular meeting will be held on Sunday evening, November 7, when Miss Shirley Heathcote will give an account of her recent holiday in England and Scotland where she did all her travelling by bicycle.

GRIMSBY SEAL FUND

At a meeting held recently the following ladies volunteered to take charge of the 1948-49 Christmas Seal Fund:— Mesdames H. G. Brownlee, W. A. Crich, J. Hewitt, E. W. Shantz, C. H. Walker with Mrs. A. B. Hummel, Secretary, and Mrs. D. E. Anderson, Chairman.

Your contribution for this very worthy cause will be asked for within the next few weeks.

Rev. G. G. D. Kilpatrick, B.A., D.D., LL.D., D.S.O., of the United Theological College, Montreal, who will preach the 115th Anniversary services in Trinity United church on Sunday.

Nuptials

DUVALL—FEE
(Bowmanville Statesman)

Leskard United Church was the scene of the marriage of Jean Flor, once, only daughter of Mr. and Mrs. Norman Fee, to Gerald Duvall, son of Mr. and Mrs. Earl Duvall of Leskard. Rev. A. E. Eustace officiated. Mrs. George Carson, played the wedding march and also sang during the signing of the register, accompanied by Miss Arlene Boyd.

Given in marriage by her father, the bride was crowned in a street-length dress of Princess blue faille made with very full skirt draped hip line ending in a shirred bustle effect. She wore a halo hat of the same blue and carried a shower bouquet of Tellman roses. Her only ornament was a beautiful wrist watch, the gift of the groom.

Miss Patricia Page attended her cousin, dressed in geranium pink jersey with small white hat carrying a shower bouquet of yellow roses. Mr. Herb Duvall, brother of the groom, was best man, and the ushers were Messrs. Bruce Halfyard and Dave Fee.

A reception followed at the home of the bride's parents, Mrs. N. Fee, wearing navy taffeta, matching hat with corsage of mauve and white gladioli. The groom's mother wore navy sheer with a white corsage.

The bride's going away costume was a suit of grey English flannel with navy accessories. The happy couple while motoring west were to stop at Grimsby to present the bride's bouquet to the groom's paternal grandmother, who is in her nineties. Upon their return they will reside in Leskard.

NOTE:—Mr. Duvall is a grandson of Mrs. John W. Duvall, Livingston Avenue and a nephew of Mrs. Herbert Glover of Fruitland.

—Ed.

PAUL—BINGLE

The beautiful old St. Andrew's church, Grimsby, was the scene of a quiet September wedding with the Rev. E. A. Brooks officiating, when Alice Ena Margaret, elder daughter of Mr. and Mrs. Alfred Bingle, Grimsby, became the bride of Mr. Cameron Macbeth Paul, only son of Mr. and Mrs. John Paul of Edmonton, Alberta.

To the strains of the Bridal Chorus played by Bertram Webster, church organist, the bride entered the church on the arm of her father. She was gown in ivory satin and lace. Her fingertip veil was held by a halo of orange blossoms and lace. She carried a sweetheart bouquet.

Miss Jean Paul, sister of the groom, was bridesmaid and Mrs. Stuart Jeffries, sister of the bride was matron of honour. Both wore white with accessories of pink and blue and carried harmonizing bouquets of gladioli and roses. Mr. Earl Gilbertson, Dundas, cousin of the groom, was best man. Mr. Geo. Bingle and Mr. Stuart Jeffries were ushers.

A reception for forty guests followed at The Rycroft Inn, Hamilton. The bride's mother received in a burgundy crepe dress with navy accessories and corsage of harmonizing gladioli. The groom's mother wore a grey suit with grey and black accessories and corsage of pink carnations.

Guests were present from Edmonton, London, Brantford, Hamilton, Smithville, Abingdon, Dundas, Hagersville, Vinemount and Grimsby.

The happy couple left by motor for their new home in Edmonton. They will reside at 10213 151st St., Edmonton, Alberta.

TRINITY UNITED CHOIR

The recently organized Trinity Treble Choir under the leadership of Mr. Donald Kennedy was in charge of the music for the annual Bible Society Service at Trinity Church last Sunday evening. Miss Nancy Gardham sang a solo, "I Think When I Read That Sweet Story of Old," followed by the anthem, "Child's Prayer of the Shepherd" in which a duet was sung by Judy Baxter and Robert Johnson.

Later in the service the Trinity Treble Trio sang "Beautiful Saviour," an arrangement of the Crusaders' Hymn. This trio consists of nine of the senior girls in the choir including Marilyn Yeager, Ola Tuck, Judy Baxter, Ann Terry, Barbara Klock, Betty Farrow, Pauline Johnson, Joan Mitchell and Evelyn Uren. The trio was followed by the anthem, "Brother James' Air," an arrangement of the twenty-third Psalm, in which the solo parts were sung by Donald Savage and Ann Bratton.

At a recent rehearsal of the choir the following officers were elected: President—Evelyn Uren, Vice-Pres.—Judy Baxter, Secretary—Billy Tennant, Assistant—Pauline Johnson, Treasurer—Mary Lee McPhail, Librarian—Joan Mitchell, Assistant—Larry McPhail, Mistress of the Robes—Ann Terry, Assistant—Marilyn Yeager. The Treble Choir at present consists of forty-two members who overflow the capacity of the choir loft. It has been necessary to limit the membership due to lack of space, the choir look forward eagerly to the preparation of the Christmas music, in which they are to have a large part, and for which rehearsals will commence next week.

Coming Events

Canadian Legion Salvage Collection on Saturday, October 30th, commencing at 9 a.m.

Millyard's QUESTION BIRD

How can I make my home cheerful and happy? Answer:—Fortify your home with good health! Every family's budget ought to have an item covering Health protection. Under it would come regular visits to the doctor and to the dentist. Much pain and much illness would be thus avoided. We offer this thought for your thoughtful consideration.

Grimsby Beach

MISS MAY CRITTENDEN,
Resident Staff Correspondent.
Telephone Your News Items To Her.

Mrs. T. A. Hutchinson, Milton, spent a few days with Mrs. J. McClelland, Chestnut Lodge.

Mrs. J. Pearson and Mrs. E. Purvis have closed their cottage and returned to Toronto for the winter.

Mrs. M. Mowbray of Farmington, Mich., spent a few days last week with Mr. and Mrs. Jack Apple.

Mr. and Mrs. W. Ketterborne, formerly of the Beach and now living in St. George called on friends on Monday.

Mr. and Mrs. Eric Garnham and Mr. and Mrs. Bob Alldrick have returned home from a trip to North Bay, Sudbury and Ottawa.

Mrs. Clara Haas has returned to her home at Sanborn, N.Y., after spending the summer with her sister, Mrs. A. L. Greenwood.

Friends of Mrs. R. Storr, who is in the O'Brien Nursing Home in Grimsby will be glad to know that she is coming along very nicely.

Mr. and Mrs. Barrington Garnham have returned home from an enjoyable two week trip around the Gaspe Peninsula and down to St. John, N.B.

Mr. P. H. Davidson was at the Beach one day last week. He and Mrs. Davidson are now living in Toronto and are both feeling quite a bit better.

Mr. and Mrs. A. L. Greenwood have returned home after visiting with Mrs. Marion Stuart and Mrs. Maggee at Lindsay. They all took in the plowing match, also visited Mr. and Mrs. Emm. at Zephyr.

Mr. and Mrs. Curtis Duthie, Lake Front, have closed their cottage and are spending a short time in Niagara Falls, N.Y., prior to going south for the winter.

The Farm Service Force Camps closed last week and the girls have all returned to their homes but most of them are looking forward to returning next year.

Mr. and Mrs. Greenwood called at the home of Mr. and Mrs. Bean, former editor of the Grimsby Independent to see Mr. and Mrs. P. H. Davidson, who are staying in Toronto with them for the winter.

GRIMSBY BEACH GUIDES
The really first guide meeting was a success. We discussed a Halloween Party and a hike.

The hike was on Friday. Four patrol leaders were in charge. Races were run and prizes given. Patty Vermer, Shirley Skleryk, Colleen Bramham and Vivian Ellis were winners. They had a lot to eat. I hope they all had a nice time.

There will be no meeting next week because of the party. Don't forget to come wearing your costumes.

GRIMSBY BEACH CUBS
The Grimsby Beach Wolf Cubs had another busy and happy meeting last week. Fred Lee, Bill Dancer and John Gillespie added more ribbons to the already gay totem, and are now entitled to wear their new badges on their Cub uniforms. The right sleeve of John's sweater is now resplendent with three more badges: the Toymaker, House Orderly and Observer. Bill got his Team Player badge, and Fred, after officially having his "eye opened" now wears a Collector Badge. Charles Weech then received his 1st Star.

After the Totem ceremony, every Cub got busy either learning for his own tests or helping teach others. Senior Sixer John Gillespie coached five cubs for the Compass test, and all five—Bill Lipsitt, Charles Weech, Fred Lee, Donald Cosby and Bill Dancer, successfully passed this 2nd Star test. Meanwhile Ted Furler and Bobby Lee learned about the flag and passed their 1st Star Union Jack test. Other cubs were coached in knots by scout helpers and these boys will soon be ready for Akela to pass them on this test. Don't forget to come well disguised and look your most mysterious for the Halloween party this Friday and be sure to bring your fanciest appetite.

SOME SIZE
Canada is the largest country in the Americas.

Study Group To Be Started at Baptist Chrch

As during last season's week night Fellowship Meeting it take the form of a Discussion Study Group. The general subject for the study will be "Stewardship" and it will be covered in about ten subjects as follows: "The Challenge of Christian Stewardship"; "The Stewardship of Physical Strength"; "The Stewardship of Spiritual Power"; "The Stewardship of Christian Habits"; "The Stewardship of the Natural World"; "The Stewardship of Material Things"; "The Stewardship of Service"; "The Stewardship of Leisure"; "The Stewardship of a Life Work"; and "The Stewardship of the Christian Message."

Each service will commence with a Worship Period and Mr. McLean will lead the discussion each evening.

The first meeting will be Wednesday evening, November 3rd and will commence at eight o'clock.

As an introduction to the study on Wednesday next a ten minute record entitled "It's Just A Beginning" and will be concluded at the last meeting by the showing of a very fine sound film entitled "And Now I See."

In the Canadian Baptist Federation three year program of Stewardship, Evangelism and Lay Leadership Stewardship is the foundation of which the others will be built successfully.

ST. ANDREW'S CHURCH

FIRST ORGAN RECITAL ON THE BALLARD MEMORIAL ORGAN IN ST. ANDREW'S CHURCH

The first of what is hoped will be a series of recitals on the Ballard Memorial Casavant Organ in St. Andrew's Church will be given next Tuesday evening in the church at 8:30 p.m.

The recitalist for this occasion is Mr. David Ouchterloney, one of Canada's most outstanding younger organists, who at present preaches at the great organ in Easton Memorial Church, Toronto. Mr. Ouchterloney is a native of Guelph where at the age of sixteen he took over the four-manual Casavant organ in St. George's church, having previously for two years been organist of St. Andrew's church. In addition to his post as organist, he is also supervisor of Branches for The Royal Conservatory of Music.

On his programme here next Tuesday he will play selections from the works of Purcell, Handel, Vivaldi, Corelli, Bach, Martini, Paganini, etc.

He has asked to have some original themes by local musicians handed to him in a sealed envelope towards the end of the programme, and with variations on these composed at sight he will conclude the recital.

A reception will follow in the Parish Hall when the hostesses will be the members of St. Andrew's Parish Guild, Mrs. V. W. Thompson, President.

"THE TRIUMVIRATE"

Where are those male voices of ours? Are these boys, who want support on the Rugby field, without voices? It does not seem so when in the classrooms, but as soon as these "men" get out in the open air, their cheering voices die a slow (?) death. Must the girls be the only ones to cheer their team on to victory, or encourage them in defeat? As far as knowing the yells is concerned, that is just an excuse. Last week we published in this column, our new school song: did the boys learn it? No. Come on, fellas! Redeem yourselves at this week's games. You all know the "train yell" at least. Get busy and learn the others.

Choir-practice began last Thursday for our annual Commencement program, and we are very glad to welcome Mr. Eaton back to the school after his absence last spring due to illness. Let us support him by turning out to practise and endeavouring to learn our parts quickly, as we only have about three weeks left.

Forty-six members of the Writers' Club met on Monday evening at the school, and decided to hold a contest for Literary Contributions. We are prepared to offer prizes for the best efforts in Essays and Poetry, so come on and put on your thinking caps and begin to write: who knows, we may have a Browning or a Conrad in our midst. Topics will be given later.

The girls' senior volleyball got under way last week with the election of team captains. Grade XI chose Donna Marsh and Grace McIntyre as captains for their teams, and Joan Sterling and Mary Shuwer were the captains for the teams from Grade XII. Each captain chose teams from their respective forms with the result of 9 girls to a team. Competition between the four-teams will take place in the Gym Monday afternoons at 4 p.m. sharp. The schedule is up in the girls' basement so watch for your game time, girls, and don't be late.

The first games of the schedule were played Monday afternoon and the results were as follows:

First Game—Team I—Donna Marsh, Captain, 19 points; Team II—Grace McIntyre (Captain, 21 points).

Second Game—Team III, Joan Sterling, Captain, 12 points; Team IV—Mary Shuwer, Captain, 32 points.

Our Junior girls have not had enough experience at the game as yet, but they will be choosing teams later on for competition.

Our Junior boys went to Ridley last Thursday, the 19th, and, alas and alack, were beaten again. However, the boys put on a much better show this time than in the previous game at Grimsby.

Ridley scored in the first, third and fourth quarters with all converts being good. The second quarter was our lucky one. The touchdown was what one might call a "flook." Grimsby was kicking for yards on the 3rd down. Howard Walters dropped the snapped ball, recovered it and ran 40 yards for a touchdown. The convert wasn't good. Then our boys caught Ridley behind their line for a safety touch, adding 2 more points to our score. Ridley won again with a score of 18-7, and our team got a swim in the pool!

BEAMSVILLE GAME
We were all looking forward to our second Senior victory of the schedule and to beating our old rivals from Beamsville. However, from the start it was apparent that the boys in Green and Gold were tackling harder, kicking farther, and just a bit better than our boys in Red.

Two of our boys were injured during the battle. Bill Sterling was put out of the game during the 3rd quarter with a torn ligament in his ankle, and Lindy, who seemed to be a marked man in the last quarter, finally came off the field with a bloody nose and leg injuries.

The final score, much to our regret, was 16-0 for B.H.V.S.

On Saturday and Sunday, 5th and 7th of November, all Teen Age Clubs and Canteens in Ontario are meeting together for a Teen Canteen Conference at Westdale College. G.H.S. has elected three students to attend this conference and Grimsby's representatives are: Uppeschools Don Mogg, from Middle Sch., Bill Sterling and from Loweschool, Chris Wade. We know the students have been wise choices and wish them the best of luck.

COMING EVEN
Our Junior boys will meet Ridley Juniors for their third game of their schedule Wednesday afternoon on G.H.S. gridiron. Let's give them support, fellows

and girls, and see if a little moral support won't speed them on to victory.

Thursday our Senior boys will play a return game with the Beamsville crew in Grimsby. You saw how the cheering went for Beamsville, and even if some of it was sarcastic, it was loud. The cheers we use are much more original, so let's let them hear ours, and help our boys reap their revenge.

This Friday night is the night for the ghosts and witches of G.H.S. to prow through the streets. A Halloween Dance will be held in the auditorium beginning at 8 p.m. Prizes will be awarded for the best costumes, refreshments will be served, and games can be played. Admission is the regular 25c plus a costume and your student card. Everyone must dress up for the occasion and add to the evening's fun.

Rebekah Lodge

Alexina Rebekah Lodge held a meeting Tuesday evening with Sis. Helen Fullon, N.G., presiding. The regular business was dealt with, and social and entertainment committees arranged.

On November 9, Sis. Ida Stevenson and Sis. Laura Brown will be co-conveners at a Bridge and Euchre Party. Following our meeting a Penny Home-made Bake Sale was held with a good number of members and their friends being present. Sis. Gladys LePage and her committee served refreshments.

CHURCH OF ST. GEORGE

The Ukrainian Orthodox Church of St. George, Grimsby, will welcome His Excellency, Archbishop Mstyslaw Skrypnyk, Archbishop of the Ukrainian Orthodox Church of Canada, who will pay his first visit to Grimsby and the new parish of St. George on Sunday, October 31st at 10 o'clock a.m.

His Excellency the Archbishop will conduct a High Mass with the assistance of Rev. Father Fidak of

Grimsby, and Rev. Father W. Olynyk, of Oshawa, Ont. His Excellency, Archbishop Skrypnyk came from a Displaced Persons Camp in Europe in 1947 to head the Ukrainian Orthodox Church of Canada.

CARD OF THANKS

I take this opportunity of thanking all my friends and neighbours, also Dr. Christie, for their kindness during my recent illness.
Mrs. Ira E. Irvine.

CONTINUATIONS

From Page One

NOVEMBER 6th WILL respect citizens, it would be worthwhile.

No person connected in any way with the sale and distribution of Wreaths or Poppies receives one cent as wages, salary, bonus, commission or allowance for expenses. All monies collected are placed in a special account which is controlled by a Branch Poppy Committee. Every applicant for relief is investigated carefully but sympathetically. Relief may take the form of food, clothing, fuel, rent or medical assistance. It is seldom issued in cash.

Should any of our friends desire further information on any point in connection with Poppy Fund activities, our Branch Secretary or Chairman of the Poppy Committee will be glad to supply it.

Buy Wreaths generously now to display in your window and wear a Poppy on November 11th.

DECORATION PARADE service men and women. Headed by the Beamsville Citizens' Band the parade will move to the Memorial Gateway where the several organizations will deposit their wreaths. The column will then move on to the Soldiers' Plot in Queen's Lawn Cemetery for a short memorial service and all those who so aided the Vetscraft Wreath campaign are asked to deposit them at the base of the flag pole.

On the return to town the parade will turn into the Roxy Theatre where it will join with the citizens at 4 o'clock, in the annual memorial service.

Beamsville will hold their Decoration Day service on Thursday November 11th. The parade will fall in at the Town Hall at 10.30 a.m. and march to the Cenotaph for the Memorial Service at 11.00 a.m.

HALLOWE'EN PARADE been an annual feature for some twenty years, when Henry Hillier took it upon himself to line up the kids and adults in a great array of both fearsome, original and beautiful costumes. Down through the years the event has been anxiously looked forward to by the younger generation in particular.

Officials of the Chamber of Commerce are anxious to welcome all schools from the district, and are hopeful that perhaps some floats may be included in the parade this year. There is also a possibility that the Beamsville Citizens' Band will lead their martial airs to the event.

The parade will form up at the Grimsby Garage at seven o'clock and will proceed to the arena where the judging of the costumes will take place. A complete list of prizes may be found elsewhere in this issue.

So get your thinking caps on, folks, and come out and have some good clean hallowe'en fun, and also make yourself eligible for those fine prizes.

The Grimsby Lions Club have made arrangements to give out favors to the participants of the gala evening, horns, balloons and other such articles will be distributed.

The Chamber of Commerce will look after the candy and apple department, these typical hallowe'en treats will be handed out at the door of the arena where the parade will gather after its march down Main Street.

VICTORIAN ORDER term illness, and one home confinement, night calls during the month totalled 15.

Fees collected include 263 paid visits, 15 part pay visits, one home confinement making a total of \$270.75.

Calls in the various parts of the County were:

Grantham	174
Port Dalhousie	31
Niagara	16
Niagara-on-the-Lake	11
Louth	48
Beamsville	30
Clinton	21
Grimsby	111
N. Grimsby	38
S. Grimsby	9
Smithville	51
Gainsboro	13

Total Visits 553

It would be of interest to see the progress we have made in one year by comparing the first and the second six months. In the first six months, 1,663 visits were made to 344 patients, with the morbidity visits totaling 950, fees collected were \$575.65. In the second six months, 2,997 visits were made to 377 patients, with morbidity visits at 1,376 which is an increase of approximately 40%. Fees totalled \$1,549.25. This comparison shows us that the people in the various parts of the County are beginning to realize the presence and the value of a nursing service in their homes on a visit basis.

Our services in the next year will expand accordingly we feel sure as each month our visits increase, and with this expansion we are faced with the need for more

staff, and means of transportation to continue with the type of service we must give. A great many people in our County do not realize the need for this service, let me give you an example of a case we had reported to us this last month by one of our Doctors, who requested that the nurse call at least every other day to give nursing care to Mr. R. who was an old gentleman of approximately eighty years old. He had been in the hospital for diagnostic purposes and found that he had a cancerous growth which could not be removed, financially he could not remain in the hospital, and the doctor felt he was better at home and happier in his own environment, but the problem was, who was going to look after him as his wife was a cripple in a wheel chair, they must have assistance, and how fortunate that assistance was available in the Victorian Order. The nurse called practically every day, giving all the care that was necessary at that time, keeping Mr. R. comfortable and assisting Mrs. R. with her problems, then when it was felt necessary, additional help was contacted to remain in the home so Mrs. R. was not alone. This is only one of the homes we visit in the County where such a service is so essential. We seldom realize the need until someone we know or someone in our home requires the services of such an organization as the Victorian Order of Nurses.

Respectfully submitted,
D. Small.

STILL LOOKING FOR the work the \$10 per hour for the clam was adhered to, and while the number of hours the clam was used, may have been greater than councilors anticipated, still there was no kick on that part of the account which totalled around \$1,700. The other \$1,200 included many other items of all description including a sum of money for cable that was used to pull the clam out of the channel after it had toppled over.

Whether the other charges above the \$10 per hour are general practice among contractors, or not, was the question raised by Councillor Lewis. If they are, then there will be nothing to it but pay. The whole matter will be negotiated.

Two bylaws, which will be of great value to the citizens, particularly the working man, were passed. The one bylaw changes the hour of holding the annual nomination meeting from 12 noon to one o'clock in the afternoon, to the hours of 7.30 to 8.30 o'clock in the evening.

The second bylaw which will greatly benefit the working man, particularly those men who are working out of town, was to change the hours of voting at municipal elections from the time honored eight o'clock to five o'clock to the hours of nine o'clock in the morning until six o'clock in the afternoon.

There is quite a possibility that the council will not have to build a subsidiary sewer on Melrose avenue in the Alchison survey, in order to rectify the "misadventure". It now looks like the sewer will be continued from the end of the Melrose sewer over the hill, through the U.D.L. property to connect up with the trunk sewer on Oak St.

The purchasing of the land west of Queen's Lawn cemetery is still in the air. Upon the advice of Town Solicitor Seymour, council will have three private valuers and Engineer Ure place an acreage valuation upon the land required. Also Engineer Ure will make a survey of a block of four square acres of the land.

The appointment of William James as Chief of Police of Grimsby was confirmed. The appointment of a third constable for Grimsby was dealt with and it was decided that as no suitable application had been received for this position, most of the applicants seeking the job of Chief, that Clerk Bourne again advertise for a third man to fill the constable position. All applications to be in the clerk's hands and considered by Council on Monday evening, November 1st.

POPULATION FIGURES

From 1871 to 1941 the percentage of males in Canada never dropped below 51% of the total population. In Western Canada it has varied between 53% and 59% in that time.

MUD YIELD'S HISTORY

Little more than 100 yards from Aldergate Street, near Cripplegate Church, the London Excavation Council's keen diggers are uncovering nearly 2,000 years of history. The story of the city, from the

time of the Roman Wall (about A.D. 120) is being revealed in vertical sections. Near the base is a narrow line marking the top of the mound which the Romans made when they dug their ditch outside the wall. Ditch and mound may have preceded the wall as a barricade against the Britons. On the site, the foundations of 14th-century Nevill's Inn have been found. A silver penny of Edward III, minted about 1353, dates pottery found nearby. At the "level" of the Great Fire appear pottery and other articles bearing the marks of burning. A group of articles of Delft pottery found was made at Lambeth about the same time.

SPORTRAYAL

By "HIGH" MCGREGOR

When some fifteen hockey mentors gathered on Sunday afternoon to discuss the pros and cons of a possible Senior "B" group, in which the Peach Kings are vitally interested, a few features that are definitely advantageous were unearthed. In order to keep the many fans of the Kings posted on the latest developments, and what they may expect should we have a Senior group here this winter, Sportrayal would list the following features as being most important from not only the fans' viewpoint, but also noteworthy as far as the Arena and the Club itself is concerned.

A big six or eight team Senior group would assure fans of an honest to goodness schedule. Gone would be the group of mixed classifications. Last year we had Senior "B", Intermediate "A" and Intermediate "B" all playing together. This type of group is out as far as the management of the Peach Kings are concerned—and a lot of fans will agree heartily with this.

All teams interested in this Senior group have the added advantage of artificial ice in their home towns. This would eliminate the playing of any games on ice reminiscent of a mill pond during a January thaw.

With a group playing a tight schedule where every game really meant something as far as reaching a playoff berth, fans would be assured of the very best hockey that the teams could dish out.

In Senior "B" each town would form the very best club that they are physically and financially

capable of. Restrictions on the importing of players from outside points are considerably more lenient than in lower groupings. There is no reason why we cannot expect the same rules to apply to Senior "B" as applies to Senior "B" and Junior "A" divisions.

It is expected that the Arena will be open within the next few weeks and so far George Marr, arena manager, has little or no idea just what juvenile or midget teams intend to operate here this winter. Failing to make bookings early causes the management considerable trouble. Outside teams are eager to obtain ice time, but trying to give local teams a break, Mr. Marr has been putting them off, until such time as the local outfits get together and decide if and when they will need the ice.

Sportrayal would suggest that anyone intending to take out a minor hockey team, get in touch with the manager immediately. Bookings will not be held much longer, and it would be really too bad if at some future date a team was formed, only to find that no hours were available.

The Fruit Belt League is apparently going to operate again this winter, although we haven't heard a thing from league proxy Tom Collins since the softball season ended. Seven to ten on Mondays for the Fruit Belter.

The Sterling Midget Softball Team have received their crests, declaring them as Niagara OASA Champions. They were eliminated in the zone finals by Brantford.

LOOKS LIKE THERE WILL BE A STRONG SENIOR "B" GROUPING

Representatives from Woodstock, Brantford, Port Colborne, Crowland, and Niagara Falls met with Peach King officials at the Village Inn, Grimsby, Sunday afternoon. The chief purpose of the meeting was to establish whether or not sufficient teams were interested in forming a Senior "B" group, affiliated with the O.H.A.

Harold Harris, president of the Peach King Hockey Club, acted as chairman, and in a few opening remarks asked that those represented express their views. The feeling was that Senior "B" hockey which got its start last season was an absolute necessity in southwestern Ontario. All agreed that too many players were being picked up by American and Maritime scouts, creating a shortage of players here where the people expect and demand good hockey. Senior "B" is rated as next in calibre to Junior "A" and there seemed to be little doubt in the minds of those represented that if arenas, and hockey clubs, are to keep their heads above water, towns and cities must be allowed to form the best teams possible to draw and keep the interest of the crowds.

Sammy Phillips, representing Niagara Falls Manges, is credited with starting the formation of a Senior "B" group, and he said that as far as the Falls is concerned it's Senior "B" or nothing. They intend to use the Welland Arena as their home base.

Gordon Harper stated that Woodstock was definitely interested, and are considered a sure starter if the group gets the green light. Brantford have to play Senior so are naturally considered sure participants. Grimsby's Herb Jarvis said that as far as this town is concerned the Senior set-up is the best idea for all concerned, and that if a group could be organized Peach Kings would be in there.

Crowland's Eli Turnoski was the only bird left sitting on the fence. Turnoski intimated that Crowland did not want to go Senior "B", but would wait to see what action Port Colborne took. If Port decide to go Senior, that would make five sure starters, and although Georgetown and Guelph were not represented, it is a known fact that Georgetown at least are keenly interested in a Senior "B" set-up. Simcoe's new arena is due to open this December, and an entry from this town was not discussed, as they were not represented.

It was estimated that the group under consideration would be a very powerful loop, and in another year would probably be enlarged to include even more towns of Senior "B" strength. The travelling distances are surprisingly low, with the Woodstock-Welland trip being about the longest.

The possibility of visiting teams taking a percentage of the home teams share of the gate to cover travelling expenses was discussed

SPORTOLOGY

(By Bones Livingston, Sportologist)

WHITHER ARE WE GOING?—It is only a two letter word, but when all things are considered, it is still the biggest word in the dictionary. It is no less than that little word "IF." If we can do this and that, then everything will be rosy. That not only applies to sport but it applies in every day business life. That word IF always seems to get in the road, some place, or some where.

On Sunday afternoon there was a very amiable meeting of hockey moguls at The Village Inn. The idea being the formation of a six or eight team group of hockey teams, to play Senior "B." all clubs to have artificial ice.

If, there I go again, somebody could have thrown that word out the window then this new hockey group would have been definitely formed, but as the matter stands another meeting will be held tonight at The Inn and "Dinty" Moore, past president of the O.H.A., and a sitting member of the executive of that organization will be present and it is expected that a lot of "ifs" will be thrown out the window.

The formation of this six or eight team group to play Senior "B" hockey is one of the best ideas that has been sprouted in a dozen years. It will not only give the O.H.A. a group that will create as much interest as the Senior "A" and Junior "A" groups have created but it will also assure the people living in the area covered by the group with real hot hockey of a high class.

With those old formidable rivals of bygone years, PEACH KINGS, Port Colborne and Niagara Falls again battling, and with teams of the calibre of Georgetown, Guelph, Woodstock and Brantford entering the picture the fans are bound to see the swiftest brand of hockey in the local igloo since the days that Capt. Harry Reid and the Famous Old Peach Kings were the monarch of all they surveyed.

I do not wish to convey the idea that the PEACH KINGS are going to be the cock of the walk in this group, but I do want the fans to realize that with a group of this type that they are going to be provided with a mighty smart brand of hockey, no matter whose roster is crowing from the top rail of the fence when the wintry winds of March are sweeping down Livingston avenue.

The formation of this group depends a whole lot on the O.H.A. That is where that little big word IF enters the picture. But it is believed by the promoters of the idea that "Dinty" Moore will iron out a lot of those "if" difficulties at the meeting tonight.

If, there it is again, the difficulties are ironed out with "Dinty" and the O.H.A. then the fans of the Fruit Belt will see some real hot hockey this winter. In all probability the group will get under way about the 15th of November and a double and possibly a triple schedule will be played. Then come the play-offs. Then the O.H.A. play-offs. So it looks like hockey right up to the time that the violets are popping out next April.

Of course, there is a lot of conjecture there, so far as the PEACH KINGS are concerned, because it is impossible for OLD POP MCVICAR and THROCKMORTON ALBIE JARVIS to admit that they have any team to ice other than a bunch of sweaters and RAZORBACK HILL. Thank heavens POP has still got HANK and DON MIGUEL SWEET.

Next week, WE HOPE to have a great announcement for the fans and the fannettes.

BEAMSVILLE HIGH SLAP DOWN G.H.S. BY FIFTEEN - ZERO SCORE

For three years the red and black of Grimsby High have been holding the green and gold of dear old Beamsville High, smearing the said green and gold into the muck of the football field time after time. Then all of a sudden the Grimsby eleven find themselves trailing by a five to zero score—then ten to zero, and when the game was all over, there it was—a fifteen to nothing victory for the underdogs from Beamsville.

All this happened down at Beamsville last Friday afternoon as the two squads met for the first time this fall. Previously both schools had won handily from Ridley teams, where for some reason or other sportsmanship is the thing. Certainly no self respecting player would dream of throwing an elbow at a Ridley gentleman. And horrors—never, never would they even consider throwing a clenched fist in the general direction of a Ridley player's features. It just isn't done in the best of circles.

But all of this is forgotten when these arch rivals from Beamsville and Grimsby tee off against each other. It is often referred to as "that old school spirit," or "that old college try." But for sixty minutes of fan appealing football these two teams warred and growled at each other, tackled just a little bit harder than necessary, roughed up a ball carrier with high tackles, and when they got 'em down on the ground—gazooks... elbows and fists went into play on more than one occasion. Truly it was a hard fought contest.

The first half provided some very fine football for the fairly large crowd on hand for this battle of the year. Both schools were well represented with large and enthusiastic cheering sections. As the game got rougher and rougher—the cheers became a little bit more sarcastic and perhaps a trifle... shall we say... barbed. Every one got into the spirit of things.

Beamsville's Bob Carlyle went over for a major score in the first quarter, the attempted convert was blocked. Passing artist Stan Mazur threw a long pass to Beamsville's phantom sprinting star, Tommy Hayakawa, who went over standing up for five points in the second quarter. Again the convert was muffed.

Grimsby's Bill Sterling was injured, and was forced from the game which was a severe blow to any hopes the red and white may have had of getting back into the game.

The true picture of the state of things is best realized when a Grimsby backfielder came limping out of the game with blood streaming from a smashed nose.

"Pretty rugged game," we volunteered.

"Cripes they're a dirty bunch of guys," replied our tattered player, as he quickly smeared the nice red blood over his whole face. (This blood over his whole face, is considered good policy in high ton, was appointed in 1927.

school football, as it really gets the feminine cheering section enthused beyond all expectations.)

The same conversation happened a little later as a Beamsville backfielder came limping out of the fray amidst loud cheers from the green and golders. We then presumed that such matters as illegal interference, unnecessary roughing, the odd case of elbowing, etc., was split about fifty fifty.

At any rate in the third quarter Hayakawa squirmed his way through the Grimsby line for another five points, and that ended the scoring. The fourth quarter was pretty dull as both teams tired rapidly.

Even before the final whistle, the kids of both schools were getting prepared for the return engagement in Grimsby this Thursday. That's this afternoon. Grimsby will be out there to revenge their shellacking, while another department—the cheering sections—will neglect their home work to prepare bigger and better and definitely more insulting cheers as "their men do or die for dear old Grimsby or Beamsville High."

HYDRO CONSUMERS ATTENTION PLEASE

All customers of The Hydro Electric Power Commission of Ontario, residing in the Townships of North Grimsby, South Grimsby, Clinton, Gainsborough, Caistor and Louth, will have their service interrupted from 11:30 a.m. to 12:00 noon each day from Monday to Friday, inclusive, until further notice. This interruption will affect farms, hamlets, and industries obtaining power from the Commission's rural service.

This action is now necessary because the rural areas have failed to keep their power consumption within the assigned quotas.

Each consumer is urged to save electric power to the limit of his or her individual capacity in the hope that by the individual action of these consumers additional interruptions will be avoided and that eventually interruptions may be discontinued altogether.

WHAT! A LIVE

In the East room you can have a cup of tea and stroll around to admire the choicest of articles from many of our local shops. There will be samples of the last word in clothing from the dress shops—the latest in wool things in lovely colours—beautiful antiques from our highway gift shop—the newest thing in stoves and refrigerators—and for handcraft lovers there will be a loom set up for weaving and a demonstration of spinning with angora wool.

After refreshments you can have your teacup read while the children are having their snack of milk and goodies.

We promise you that it will be very entertaining so don't miss it. The ladies of the Service Club are to be congratulated on their novel presentation—its bigger and better than ever. Don't forget Thursday November 4th from 2 to 6 p.m.

WEE WILLIE HEWSON

Keeping up with the times, Bill Hewson has recently sent his son-in-law, Walter Hiltz, to the Livingston plant in Hamilton, where a complete course is given pertaining to the installation and servicing of their products. Stokers and Oil Burners.

Walter is now prepared to take complete control of this added department of the Hewson firm, and will be on twenty-four hour call for servicing the increasing number of automatic heating plants in this area.

Just recently the famous Village Inn, noted for its historic architecture denoting the quiet and tranquility of days in the storied past, has had a large modern Livingston Stoker installed. The installation was quite a feat of engineering, and Mr. Gordon Hannah found that it was necessary to remove part of the north and east foundation walls in order to provide space necessary for this installation. Mr. Hannah, however, appears to think that the trouble was well worth while, for he states that the new Livingston Stoker is giving complete satisfaction. The additional comfort of over night and dinner guests will be assured.

Another Grimsby business, that of the Grimsby Garage, which is at present nearing the completion of a gigantic rebuilding and remodeling plan has also made use of a Livingston Stoker, a large unit being installed to keep a uniform temperature at all times throughout the greatly enlarged sales and service departments of this modern garage.

HOSPITALS ASK

but was referred back to the Finance Sub-Committee for further study.

A request by officials of the St. Catharines Branch, Canadian Legion, for financial assistance in the transition period when the Legion will take over the work of the Lincoln County Citizens' Committee early next year was referred to the consideration of the 1949 council.

During the sessions of the General Administration Committee, presided over by Reeve Ivan D. Buchanan of Grantham Township, the council approved; the cost-of-living bonus of \$15 per month for good employees as outlined by the Department of Reform Institutions. The council also increased the salaries of the maintenance staff of the county building by \$200 per year and added the same sum to the salary of Mr. Charles Tallman, Superintendent of Buildings.

The council accepted the recommendation of Reeve Leslie Lymburner of Castor Township and the members of Agriculture Committee in setting the licence fee for pheasant hunting in Lincoln County this fall at fifty cents for residents and \$2.00 for non-residents for one day and \$3.00 for two days. Any licence issued will be valid throughout the county.

Reeve Murray Misener of Gainsboro presented the report of the Charity and Welfare Committee of

NEWS FROM THE GRIMSBY LIBRARY

These publishers give us the Willies! We order two or three hundred dollars worth of books and they promise delivery next week. When next week comes, we get a shipment, all right, but only about ten per cent of what we ordered. The rest will come through in dribbles.

Back in 1933, Alice Tisdale Hobart wrote "Oil For The Lamps of China"—definitely a best seller at that time. Several years later she wrote "The Peacock Sheds Its Tail," a story of Mexico. We have just received her latest, "The Clerk Rock." The scene of this one is laid in California. China, Mexico, California. The gal certainly gets around! All three books are in the Library.

"Bridle Steen" by Ann Crone will appeal to those from, or interested in, Ireland.

Robert Penn Warren, who wrote "All The King's Men", has now published "Night Rider," a story of the early days of the tobacco industry. Full of action and thrills.

Other titles just in: "Hurry, Hurry Home" by John Klompner, "The Village of Souls" by Philip Child (a Canadian story), "The Daniel Debonaire" by Maurice Walsh, "The Story of Induraja" by Hilda Wernberg, "The Old Beauty and Others" by Willa Cather, "Long After Summer" by Robert Nathan, "Ravenswood" by Mary Frances Doner, "An Affair of State" by Pat Frank, "Mary Donovan" by Anne Miller Downes, and "The Canny Mr. Glencannon" by Guy Kilpatrick.

Suggestion: Why not cut these lists out of The Independent so you'll remember all these new titles?

Russell Young is the most recent appointee of our Board. He represents the Township of North Grimsby and serves on the Finance Committee. No matter how busy Russell may be we can always count on his presence at the Board meetings. He reads and appreciates good books and is very interested in the administrative end of the Library.

This summer we had a man visiting us who is music critic on one of the large daily papers in the West and who has the reputation of being one of the foremost critics in Canada. We asked him to look over the Library Record Collection. His comment was that we have an exceptionally fine basic collection which reflects great credit on our Selection Committee. That committee is: Mr. T. L. Dymond, Mr. Kenneth Baxter and Mr. Donald Kennedy. Next year we plan to more than double our present collection.

the council and the members authorized the payment of accounts presented. Deputy Reeve Robert G. Dawson of Niagara Township presented the monthly report of the Industrial Home Board of Management.

MUST CONTINUE

er weather with its dark days are also factors which must be considered as detrimental to the plan to meet the necessary number of kilowatt hours.

Beamsville is having a pretty tough time of it, averaging four fifteen minute breaks a day, no concrete gains seem to have been realized. Seventy-five percent of the consumption in Beamsville is credited to domestic users, and with the switches being pulled at hours when domestic users are particularly affected, the business houses and the small number of manufacturers are bearing the brunt of the power breaks.

The Beamsville Express, the basket factory, Beamsville Dairy and the Lincoln Pottery are four firms being hit most heavily by the fifteen minute power breaks.

Jack McManus, manager of Lincoln Pottery, now employing twenty-one persons, told The Independent that "if things get any worse, we will be forced to close down entirely." The electrically controlled kiln at this plant is being operated on Saturdays and Sundays. However, production throughout the week is greater than the kiln can handle on the weekend.

William Christie, owner of the Beamsville Dairy, has been forced to commence the processing and pasteurizing of milk at two in the morning, at which time his staff are forced to pitch in and endeavour to be finished before the first cut in power, usually coming at nine in the morning.

"The fellows filling the pay envelopes are the ones being hit the hardest," said Mr. Christie. The householders from whom any appreciable saving must come, are not firing the breaks in power, except in the afternoon, very hard content with.

Manoeuvres to the problem have been boffered, for the present system of giving is not proving at all satisfactory. The domestic users are the ones most make a saving, and a officials have to figure out, is what time of day or night would cost instrumental in actually saving the village to meet its quota.

Classified Advertisements

Classified advertising rates are Three cents a word. Minimum 40 cents. Names, addresses and telephone numbers do not count. Where classified advertisements come in over the telephone or are otherwise charged we will only bill once. All extra billings will be charged at the rate of 10 cents each billing. We do not guarantee publication of classified ads. received in our office after two p.m. on Wednesday afternoon. We assume no responsibility for errors appearing in advertisements telephoned in.

Boy Scouts

1st GRIMSBY (LIONS) TROOP
I was late last week with my notes and the Editor could not find room. That was a lesson in punctuality.

Well, Apple Day is over, and it was quite a success. The fellows who turned out did a good job. The first five in order of amounts collected were Scouts Don McRae, Don Glen, R. Sawchuk, Nicky Racz and Peter Bromley. Don McRae made an all time record. The Wolf Cubs made a fine show and helped by their increased numbers took in the largest part of the total collection. P. Leader Doug Kelterborn was running the Office.

The Junior Leaders Course which has started should be a success if each of the scouts will study the lesson given for the week's work. (Yarns No. 17 and 18 in "Scouting for Boys" or Test No. 8 in "Tenderfoot to King's Scout"). I hope all will pass at the next meeting. I'm sure if you ask your parents, they'll help you.

Next meeting, Monday, November 1st, at 7 p.m. in High School. UNIFORM.

There will be no pictures until Monday week, November 8th, but don't forget to bring along a pal.

WOLF CUB PACK

Robert Johnson was appointed Sixer of the Blue Six, a new group made necessary due to a large number of New Chums. Don Lambert was given his first stripe as Second of the Brown Six and John Cima added to that Six to bring it up to full strength.

Hugh Swayze and Charles Hivand were invested and placed in the Blue Six. These Cubs may now take their places in the circle around the Totem pole.

Second Year Service Stars were presented to Jon Hand and Donald Roberts.

Prizes for Apple Day work will be awarded at this week's meeting. Raksha has his new chum group well trained and as soon as they have enough of their uniform for the ceremony they will be invested.

Legion Bingo, Saturday night.
Salvage Collection, Saturday.
Lions Club meets next Tuesday night.
Hallowe'en Parade, Saturday night.

Board of Education meets next Wednesday night.

A start on construction of Port Colborne General Hospital, delayed because of high construction costs for four years, will be made as early as possible in 1949.

Niagara-on-the-Lake — Citizens are pleased to hear that Butler's Barracks are not to be destroyed. It is reported that they will be handed over to the Niagara Historical Society.

Ex-Mayor W. MacPherson, President of the Chamber of Commerce, reports that besides candy and apples for the kiddies and the grown-ups that no less than 75 prizes will be distributed to those in costume, for the Hallowe'en parade.

W. B. Redfern, Toronto, consulting engineer in charge of the sewer project in Beamsville, told Beamsville Council Monday night, his estimate of the cost of installing a complete sewage system, including disposal plant and all other expenses in connection with the job, would be close to \$235,000.

St. Catharines, Oct. 21—Thomas Steele, 28, 16 Gloucester St., Toronto, was sentenced to seven days in the Lincoln County jail when he pleaded guilty before Magistrate H. D. Hallett today to a charge of driving while intoxicated. Steele was arrested on Wednesday by Provincial Constable Gord Collins of Grimsby.

Stuff Round Town

By GORD MCGREGOR

The audience at the Beam Theatre last Thursday night, gave a terrific ovation to young Doug MacMillan, a newcomer to the district who captured first prize with his singing of "Now Is The Hour." For a fourteen year old, Doug displayed a remarkably strong voice, and his enunciation and poise won the plaudits of the large crowd on the amateur night program. Sharing the spotlight with Doug, was a young Grimsby Miss, Patsy Robertson, a talented dancer, who gave a flawless performance, dancing to the intricate rumba steps of the well-known Latin song "Panama."

Fifteen-year-old Jack McKenna received two hundred and fifty dollars from manager Ralph Humphreys, on behalf of the Photo-Nite sponsor. Said young Jack in a grand understatement—"I'm very happy to have won."

Well, they say that there are plenty of pheasants around this year, reports of birds being released by the hundreds have been prominent in the news for some time. Time will tell, for on November the 5th and 6th hunters can oil up the trusty shotgun and fire away to their hearts content. Of course, there are just a few restrictions—hah! did we say a few?

First, of course, there is the matter of a license. A resident of a township, say North Grimsby, may hunt with a one dollar license. However, a resident of the Town or any other section other than North Grimsby has to pay \$2.00 for the first day, and another buck for the second day. Follow me? Good. That's three fish for two days.

Now then, armed with suitable license you must stay clear of the town, seeing as how there are supposed to be no pheasants in the town, and besides that there is some sort of law prohibiting the discharging of firearms within the boundaries of a town.

Your license is good in Lincoln County so be sure to stay within Lincoln, you nimrod you.

Then there is some sort of license to carry a gun, this matter you should take up with somebody who knows about such things.

Now if the trusty musket is oiled and in firing condition, step forth into the clear November morn only after eight a.m. The overcast is frown upon beating the opening time.

If you are driving to some point in the township to hunt, leave the gun unloaded while in the car. Keep your ammunition for that great moment, podnuh. Incidentally watch yourself climbing fences. Put the gun over first, and then be careful of your trousers if it happens to be a barbed fence.

If and when you see a pheasant, try and distinguish it between a hen bird and a cockbird. You are allowed three males per day, and you're either darned lucky or an exceptional shot if you get your limit. Oh, by the way, in case you shoot a henbird, you little rascal, and decide to be honest about it. Take it to a game warden (that's the new handle for game wardens) tell him how sorry you are. He'll forgive you. Remember there is a heavy fine for shooting and not reporting a hen bird. If by chance you shoot a chicken return it to the farmer and pay . . . live weight should suffice.

Careful with your shooting, don't shoot at anything that moves it might be somebody's brother, and there is also a very heavy penalty for shooting anybody's brother these days. You know the way prices are 'n everything.

If after several hours of fruitless hunting, you haven't even heard a pheasant, get in a nice safe place and shoot tin cans or something. Keeps the rust out of the barrel, and sort of relieves your pent up emotions.

And so as the sun sinks into the west we leave the tired old hunters with their guns dragging, their feet hurting and their nice new licenses catching the last gleam of the autumn sun. It has been a great day—and anyway hamburger will taste good. S'long, suckers.

Hot Sport News

It was midnight on the ocean, not a trolley car in sight. The Sports Editor of this paper was snoring lustily on his downy couch. The telephone started to tear itself off the wall. Ye Ed awoke, done a little cussing and rolled out of the feathers. On the other end of Mr. Bell's wire was a gentleman by the name of Throckmorton Keep-em-awake Jarvis and behind him was Old Pop McVicar. They had some good news and wanted to catch this edition of The Independent.

Here's the news, folks. They have secured the releases and signed up four crack hockey players for the Peach Kings. First off they have Barlow, who last winter was the centre player between Murray Comfort and Gluck on the Hamilton Senior Pats. Barlow is now living this side of Stoney Creek.

Dunham, the right winger on the Areovox champion Junior "B" team along with left winger Pete Souter, have now taken up residence in Grimsby, as has Leeson, the crack junior goaler of the Areovox champions. All three lads will wear Peach King livery.

The Beaver Club of St. John's Presbyterian church held their second weekly meeting of the season, in the church rooms Monday night. Members were pleased to learn that the rummage sale, on Saturday had been a success in spite of the rain.

Hostesses of the evening, Mrs. D. Macintosh and Mrs. C. Campbell served a delicious lunch at the close of the evening.

WEST LINCOLN BIRTHS

Oct. 20—To Mr. and Mrs. Wilfred Wesley, Grimsby Beach, a son.

Oct. 22—To Mr. and Mrs. Peter Dirksen, Vineland, a daughter.

Oct. 24—To Mr. and Mrs. William Scott, Beamsville, a daughter.

Oct. 26—To Mr. and Mrs. Charles Warner, Beamsville, a son.

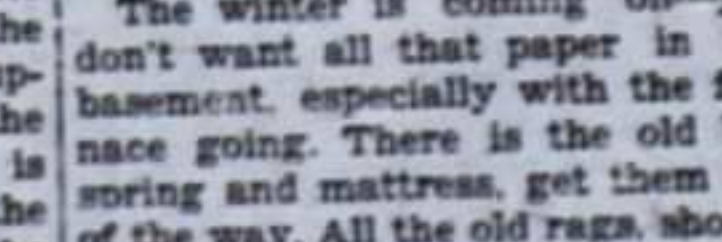

Oct. 26—To Mr. and Mrs. Robert Gibson, Grimsby, a son.

SALVAGE! SALVAGE!

The summer is over, there must be a lot of articles which have collected, and are still useful to industry. Get them together—they are needed.

The winter is coming on—you don't want all that paper in the basement, especially with the furnace going. There is the old bed spring and mattress, get them out of the way. All the old rags, shorts, overalls, worn out frocks—shove them in a sack, batteries in the garage, old iron round the farm, and perhaps the odd bottle. Have them all ready for the Legion Salvage Collection on Saturday, October 30th. Oh! I forgot, no boots, shoes or refuse, please.

All the proceeds will be used on local welfare.

RETIRE AFTER MANY YEARS VALUED SERVICE

On Friday, October 22nd, representatives of the directors and employees of E. D. Smith and Sons, Limited, Winona, gathered in the spacious reception room to honor their associate, William N. Langdon, who, after 32 years of service, was retiring from his position as cashier.

Brigadier Armand Smith, in his presentation speech, made reference to the efficiency, integrity and high character of Mr. Langdon and on behalf of the firm, presented him with a walnut chairside radio-phonograph combination.

Miss Margaret Armstrong, on behalf of the employees, thanked Mr. Langdon for the unfailing courtesy and co-operation he had accorded to all, and presented him with a number of Cash Gift Certificates, with the suggestion that a portion of them might be acceptable for use in purchasing records of his choice for the phonograph.

Mr. Langdon then expressed his sincere appreciation of these tokens of esteem, referring to days of long ago when the late Hon. E. D. Smith was head of the firm, how great changes had taken place, and the business had grown and prospered under his capable management, followed by that of his son, Brigadier Smith.

Vinmount News

The 77th annual Plowing Match, Saltfleet Branch of the Ontario Plowmen's Association, will be held on the farm of Elmer Hildreth, R.R. 1, Vinmount, 1 1/2 miles south of the Vinmount Post Office, on Wednesday, November 3rd, at 9 o'clock.

The Vinmount Women's Institute is holding a Chicken Supper in the W.I. Hall Thursday, November 4th. A good program will be presented. Supper will be served at 6.30. Admission \$1.00.

The members of the Vinmount Women's Institute are holding their first Euchre and Bridge in the W.I. Hall Friday, November 5th. The cards at 8.15 sharp. Dancing 10.15. A good orchestra in attendance. Admission 50c. Good prizes including door prizes for ladies and gentlemen.

The following members of St. George's W.A. R.R. 1, Vinmount, attended the annual meeting of the Woman's Auxiliary, held in St. Matthew's church, Aldershot, on Wednesday, October 29th: Mesdames L. Cowl, R. Bell, J. Leckie.

The members of the W.A. of St. George's Anglican church, R.R. 1, Vinmount, held an all day quilting Thursday at the home of Mrs. Ben Clark. A pot luck dinner was enjoyed by all.

BURLINGTON GROWING

(Burlington Gazette)

The assessment for this year has been completed by Assessor Johnston, and according to figures obtained from the assessment roll the total assessment is an all time high, \$4,166,760, an increase of \$430,604 over 1947. The population of the town is 5105, an increase over last year of 132.

The total assessment on land is \$1,001,800, on buildings, \$2,880,000, and business assessment amounted to \$284,960.
